SYNTHETIC: tender extract, surface water drainage upgrade

Invented for training. The client, project and terms are not real.

Issued by Western County Council (invented). Project: surface water drainage upgrade, Ballymore Link Road.

Scope

Replace 1,200 metres of surface water drain, build 18 manholes, reinstate the road and footpath, and keep one lane open to traffic throughout. Works are to finish within 12 weeks of the start date.

Mandatory requirements (pass or fail)

M1. Valid tax clearance at the date of submission. M2. Public liability insurance of at least EUR 6 million. M3. A current safety statement. M4. A named project manager with at least five years' experience on drainage projects.

Award criteria

The contract is awarded to the most economically advantageous tender, scored as follows.

Criterion	Weighting	Word limit
Price	40%	Tender form
Methodology	25%	800 words
Programme	15%	500 words
Safety and environment	10%	600 words
Community liaison	10%	300 words

Instructions

- Responses over the word limit will not be read beyond the limit.
- Tenderers must state how they will keep one lane open and how they will protect the stream that runs beside the road.

- Submit through the council's online tender portal by the closing date. Late submissions are rejected.
- Questions must be raised through the portal at least 7 days before the closing date.
